On March 4, Governor Abbott and the Texas Education Agency (TEA) announced that the State of Texas will provide a "hold harmless" to Texas school systems for the rest of the 2020-2021 academic school year only. This means funding will be made available to school systems in Texas that have seen enrollment and attendance declines because of the COVID-19 pandemic, as long as they maintain or increase

current levels of on-campus attendance. Districts will be funded on attendance in line with projections made prior to the public health crisis. This will ensure that school systems in Texas can retain their teachers for the 2020-21 school year for whom they originally budgeted. This final semester of hold harmless means districts have been held harmless for three consecutive semesters — Spring Semester of the 2019-20 academic year and the entirety of the 2020-21 academic year.

On March 2, Governor Abbott issued an Executive Order (GA-34) lifting the mask mandate in Texas and increasing capacity of all businesses and facilities in the state to 100 percent. This executive order rescinds most of the Governor's earlier executive orders related to COVID-19. Effective next Wednesday, March 10, all businesses of any type may open to 100% capacity. Additionally, this order ends the statewide mask mandate in Texas. Businesses may still limit capacity or implement additional safety protocols at their own discretion.
